New England Leather Alliance

Fetish Fair Fleamarket #14

Welcome to the Largest Leather/BDSM event in all of New England...

For some of you this will be your first big fetish event. For some it will be just one of the highlights of the leather year. Whether you've been planning this trip for months or you just walked in off the street, welcome! I started the Fetish Fair Fleamarket eight years ago to give local craftspeople and businesses a venue to sell their wares and to give the local fetish/leather community an all-inclusive event. Over the years the event itself has grown from some ten vendors and two hundred fifty attendees to some seventy five vendors and over 2500 attendees! But despite our large size, my goals are the same: offer good values, strengthen the leather community, create excitement, and support the educational and community-building mission of the New England Leather Alliance, a local chapter of the National Leather Association. For those who don't know the NLA, this is an international organization of leather activists and community leaders working for freedom of consensual sexual expression. We fight for the rights of all adults to love safely, sanely, and consensually, in the manner that they choose. This could include spanking, bondage, or flagellation, three acts that are illegal in many states! In recent years we've seen people wrongfully jailed, parents lose their children, and businesses and clubs harassed and forced to move or close. The NLA exists to fight incorrect stereotypes, to educate both the public and our own community, and to work to undo the wrongs through legal defense, fundraising, and other means. If you'd like more information on joining the NLA, have a look at the back page of this program book. Thanks for coming and enjoy yourself!

—Cecilia Tan, FFF Director
