## Are you in the dark?

...about how the government can interfere with  
your private sex life?

-Many forms of sexual expression practiced by millions of American adults -including SM and swinging - are illegal in areas where antiquated sex laws remain on the books.

-Sexists and anti-gay bigots, encouraged by the religious right, continue to use these antiquated laws to marginalize and persecute minority groups.

-Prejudiced, puritanical regulations and law enforcement practices are used selectively to punish people who enjoy alternative sexual expression.

# The new NELA Logo

We wanted a logo that represented NELA and our community which could be used in non-kink, non-leather settings. The logo needed to be used for the website and in various print media.

We put the call out and our community answered with a surprisingly large number of entries and left us with the unenviable task of choosing just the right one for our needs. The voting process included a first round that eliminated all but 5 entries and then a final around of voting to arrive at a winner.

We thank each and every participant for your time, energy, and talent on NELA's behalf and look forward to using a few of your designs on future NELA t-shirts.

# Letter from the Chair

Greetings,

It continues to be my privilege to serve as Chairperson of the Board of Directors of the New England Leather Alliance. What a group of talented and wonderful people with whom I am privileged to work! We are fortunate, during this time of economic contraction; to be hosting what I believe will be an enjoyable and successful Fetish Fair Fleamarket™ weekend. On behalf of the Board of Directors, I would like to extend greetings and best wishes to all of our attendees at Fetish Fair Fleamarket™ #34.

It takes a lot of time and hard work to make sure that the Flea happens. We don't expect the process to go smoothly, though we are ever hopeful when it does. This year's event seemed to have been especially plagued by hotel snafus. If you have been affected in any way, please accept our sincerest apology. With very little exception, it has been beyond our control, and each and every complaint resulted in a call or email from our board, FFF director, event planner, hotel liaison, and/or attorney (sometimes all of the above) to hotel staff to fix the problem. We hope the Westin's written apology and 5 free weekend stays in some small measure goes toward rebuilding our lost goodwill with you.

This 34th FFF demonstrates that the Flea has gone beyond a vending event with a few classes thrown in. Besides having close to 100 vendors, we have a full weekend of educational and social offerings, creatively organized by a most excellent programming team led by Lord Percival. With 50+ classes, special interest groups, birds of a feather sessions, and meet and greets I believe, there just may be something for everyone.

As always, I'd love to hear from you at [Rae@NELAonline.org](mailto:Rae@NELAonline.org). Please feel free to contact me or any other board member with your feedback, comments, and ideas. Consider attending a board meeting. Get involved. It's how every board member began.

I appreciate all of the time, effort, and talent that each Board member dedicated to NELA to help make this past year such a success. I think we should be very proud to have hosted 34 Fetish Fair Fleamarkets™ and countless classes over the years. The best is yet to come. We are looking forward to a great 2010.

Happy Flea,

# Rules Of Conduct

The New England Leather Alliance would like you to be aware of the following Rules of Conduct for this event:

The Fetish Fair Fleamarket(tm) has never allowed nudity. We have also always stressed courtesy and appropriate dress in public areas. "Sidewalk friendly" attire is required, which is not the same as "street legal." "Legal" means a thong and pasties--we have always required a bit more, to insure the comfort of all attendees. In all public areas of the hotel, no bare butt cheeks even with a thong, and no bare breasts or breasts covered only in Liquid Latex. This includes having your breast/butt covered by something sheer or see-through and nothing else under it.

- You may briefly try out paddles and floggers on yourself if you have permission from the vendor. There will be no engaging in public scenes or any sexual activity in public. Restrooms are considered public areas.
- No smoking inside. When smoking outside, please be courteous to others.
- No food or drinks in the vending areas.
- Admission price is good for entry to all vending areas and classes on Friday, Saturday, and Sunday. The Masquerade and the Fashion Show have a separate admission
- You must keep your wristband on at all times. Broken wristbands are void and cannot be used for entry.
- Classes are first-come, first-serve to the limit of the room. Please respect seats designated for persons with disabilities.
- No one under 18 admitted, including infants.
- No live animals or non-human pets, with the exception of service animals.
- Please respect the privacy of others. What you see here, stays here.
- Violation of any of these rules may be reason for ejection from event areas without refund.

# Photography at the Flea

NELA respects your privacy. However, recall that you are at a public event and you are your own best protection. NELA will not be liable in the event that your picture is taken.

Please note that there is no photography or videography except by those authorized by NELA. You should make every effort to be aware of them if you do not want to appear in any picture. All authorized photographers will have a badge that they will display at all times.

Camera phones and video phones are carried by most everyone but we're asking you not to use them in FFF event space (i.e. space for which you need a wristband). Reports of your unauthorized photography or recording of any kind will result in your being asked to leave without refund.

It is proper procedure for authorized photographers to first ask to take a photo. If they decline, please respect their request. Harassing attendees for photos is forbidden.

If a photographer asks you to pose for a photo and you agree, be sure to sign a photo release form.

Photographers, please be considerate when stopping to take photos in the hallway by making the photo stop short and not blocking the main flow of hallway traffic. Be aware that if people appear in your background who have not consented to having their picture taken, you are **NOT ALLOWED** to take that shot. Bystanders need to give the same permission as the main subject of the photo.

Attendees entering into agreements to be photographed privately are strongly encouraged to check the references of the person they are dealing with, to have someone they know and trust with them during any private photo shoot, and to resolve all issues of compensation before beginning a private photo shoot.

# Board of Directors

## **Rae Lewis** - Chairperson

Rae has a long history of community organizing and activism and has brought those years of experience in the vanilla community to NELA. Involved in the public leather scene for 10+ years, she's hosted munches and parties and for several years maintained a newbie information website. She still forwards the Infopak to those new to WIITWD. Before joining the NELA board she was a volunteer for several years. As one of the original organizers of the Kaleidoscope Munch, she continues to co-host what she hopes will continue to be a space for leather People of Color in the New England area to gather. Rae has been nominated several times for a Pantheon Award.

## **Danny** - Board Member At Large

Danny joined the NELA board as vendor liaison back in 1999. In addition to continuing to act as vendor liaison for NELA's Fetish Fair Fleamarket™, he is currently NELA's Board Member at Large and he remains a member of the PDL Steering Committee. Danny entered the public scene in 1989. His passion for bondage inspired him to

make his own bondage equipment. It was the popularity of his unique Grip-cuff™ design that inspired him to start his own business, "Leather By Danny". Leather by Danny now carries a wide range of bondage equipment and can be found in shops around the country. Danny enjoys traveling the country vending as well as teaching classes on bondage.

## **George** - Secretary/Webmaster

George has been volunteering for NELA for several years, and has been the NELA webmaster since October 2006. Prior to that, he assisted on the website. He has also been a volunteer at many FFFs. George is a rope top who enjoys learning new stuff; he and his partner have attended many regional and national rope conferences as well as national educational events such as LLC. A desire to further help the Kink community was George's motivation in becoming part of the NELA board.

## **Jack and Kerry** - Co-Directors of Associates

Jack and Kerry have been involved in the local leather community for

over ten years. They were unwittingly sucked into lugging boxes for NELA at the Summer Flea several years ago and became steadily more involved, helping with and volunteering for the Fleas, Pride, Volunteer Coordination and other duties. They wanted to increase their activism in the leather community AND kill off every scrap of what little free time they had left, and so in 2009 they joined the NELA board as Co-Directors of Associates, in which position they continue to lug boxes at the Flea, just with a fancier title.

**Percival Du Chat Gris** - Director of Programming & Education Lord Percival (Percy to most) has been active in the scene both in private and in public for the last 35+ years, and been teaching, lecturing, mentoring, and training others for more than 20 of them. He's been involved and associated with many NELA events for a large number of years, from volunteering here and there, to giving classes. Seeing a need for someone to step in and take a hold of the role of arranging for such educational occasions to continue, and finding that he would enjoy doing such, Percy stepped forward to take up that responsibility. Educating others is a particular passion of his and he looks forward to arranging for many folks to come and share their knowledge and expertise with the NELA community. He is more than willing to shoulder what is necessary to get the job done and looks forward to working with the great group of people on the NELA board.

**Scott** - Director of Community Relations

His knot tying education started at the age of 4 by many ole salts who had been boating for more than 40 years. When he came out at 21, he started applying the knots to bondage, and it has been fun ever since. He considers his leather journey a life long pursuit. Scott has been active with NELA over the past few years, and decided to join the NELA board in 2007, and served as Co-Chair from 2007 to 2008.

Scott held the title of Mr. Boston Leather in 2004. In 2003, Co-founded the Bay State Marauders, and served as the inaugural President from 2004 to 2005, and Vice President from 2006 to 2007. In 2007, won the Pantheon of Leather New England Regional Award. In 2009, was elected to the National Board of Leather Leadership Conference.

**Vivienne Kramer** - Treasurer Vivienne Kramer has been a passionate activist for 20 years, starting with NOW and women's reproductive rights. She joined the kink community in 1995 and has held leadership positions in the New England Leather Alliance, National Coalition for Sexual Freedom and the Community-Academic Consortium for Research on Alternative Sexualities. Her work with people of color was honored by Black Beat and she received a regional Pantheon of Leather Award, a Vice President Award from NLA:l and is currently the Director of NELA's Fetish Fair Fleamarket™

# Making the FFF Accessible

Persons with disabilities needing assistance should check with the Registration Desk on the first floor where wristbands are purchased. There is an Accessibility Assistant on hand should you have a need.

We will have some Assistive Listening Devices borrowed from the RI Commission for the Deaf and Hard of Hearing. If you have reserved one, please pick it up at Registration from the Accessibility Assistant.

If you have requested an ASL interpreter, please check in with the Accessibility Assistant to be put in touch with your interpreter.

In order to make classes more accessible, there will be designated seating for persons with disabilities in each classroom (as well as space for scooters and/or wheelchairs). We ask all FFF attendees to be respectful of these seats and make them available for their stated purpose. The seats will be released if not needed before each class begins.

NELA is committed to improving the accessibility of the Fetish Fair Fleamarket™. We hope this is a good start upon which to build in the years ahead. Please email [nela.access@gmail.com](mailto:nela.access@gmail.com) with questions or requests.

*(Thank you to all those who answered with thoughtful ideas to make access at the Flea possible.)*

Throughout the weekend,  
please remember to thank  
our amazing volunteers

A performance that began between calls. Drawing from her work as a phone sex operator and delving into the murk of her own sexual life, she considers how what appears as acting out roles for the gratification of others in fact stoked her own very real appetite for sexual power. "Phone Whore" is about fantasy and mind control, taboos and fetishes, and the place of "deviant" desires in society today.

**Phone Whore Discussion Break-out**— Fri 9:30 PM— Cameryn Moore— Providence III

For those who attended the Phone Whore performance earlier in the evening. Discuss fantasy, taboo, the politics of sex work, and the erotic possibilities of phone sex.

We will have a photo lab session so bring your favorite cameras, whether top-of-the-line pro gear, pocket cam or even a phone cam. Model releases and studio lighting will NOT be provided; on-camera flash is strongly suggested. Our lab portion is not designed to

**Transitioning With A Third Gender Identity**— Sat 12:30 PM— Raven Kaldera, Joshua Tenpenny — Narragansett B

Let's think clearly about what physical gender transition means when it intersects with identity. Are you wondering whether or not to physically transition, but are holding back because you don't have a solidly male or female identity? That doesn't have to be a barrier. Let's talk about the ambivalencies of shapeshifting your flesh when your identity is all over the place. Come with questions!

**Whip Lounge**— Sat 10:30 AM—  
Domino— Providence III

Domino and Dee once again present the Whip Lounge. Come and learn how to crack that whip; show off your skills; find out what you want to buy; and learn all the little tips and tricks you've always wanted to know about.

Ever wonder what kinds of things researchers say about SM?

***"Nonprostitute females do participate in sadomasochistic sex, and heterosexual males are capable of making contact with them."*** Breslow, Evans, and Langley 1995 [1985]. "On the Prevalence and Roles of Females in the Sadomasochistic Subculture: Report of an Empirical Study." In Weinberg, T. (ed.) *S&M: Studies in Dominance and Submission*. Amherst, NY: Prometheus Books, p. 264.

What, can that be true?!? How about a nice general statement like:

***"SM is recreational or play-like behavior which is set aside from other aspects of life. SMers do not see it as 'real' in any sense but acknowledge it as a means of temporarily escaping from the everyday world."*** Weinberg, T. "Sadomasochism and the Social Sciences: A Review of the Sociological and Social-Psychological Literature," in Moser and Kleinplatz (eds), 2006, *Sadomasochism: Powerful Pleasures*. New York: Haworth Press, Inc., p. 33.

Even the "best" research on SM often doesn't quite get it right. Many people in the community see their involvement in SM as very real and a part of their lives. *Where are their voices?*

# Transgender Etiquette

There are many Transgender people (Transgender, Transexual, Gender Queer, Cross dresser, Gender Variant and more) that attend the Fetish Fair Fleamarket and/or Masquerade Ball.

People who are transgender and/or whose gender identity or expression does not conform to stereotypes of male or female often face discrimination and harassment, particularly when accessing public spaces, events, and restrooms. To be inclusive and improve the quality of life for Transgender people here, please read and act upon the following:

## Restrooms

One way of acknowledging Transgender people's needs is to both designate restrooms that are gender-neutral and also to allow people to use the gender-designated restroom that they identify with. In public restrooms, many Transgender people face harassment that can lead to anything from deep discomfort to arrest or murder. Regardless of what restroom you are in, please let everyone use the restroom in peace. Each of us can decide for ourselves in which restroom we belong. Gender neutral restrooms are located on the 3rd Floor.

## Pronouns

A person's external appearance may not match their internal gender identity. You cannot always know the gender or sex of someone by their physical body, voice, appearance or mannerisms. It is best to ask, "What pronoun do you prefer?" or "How do you identify?" before using pronouns or gendered words. In group situations where you don't have an opportunity to ask someone what words they prefer, try using gender-neutral phrases like "the person in the red shirt," instead of "that woman or man."

## Privacy and respect for all participants

Please respect transgender people's privacy and boundaries and do not ask unnecessary questions. If someone discloses they are transgender please do not "out" that person to other people. The transgender person may feel comfortable coming out to you, but may not wish to be out to other people.

A black and white photograph of a woman with dark hair pulled back, wearing a dark, form-fitting, long-sleeved dress and high-heeled boots. She is leaning over a white, curved surface, possibly a table or a piece of furniture, with her hands resting on it. The background is a light-colored wall with a grid pattern, likely a tiled wall. Mostly self-taught, "The Blue" is on a constant search for more information about the art of Shibari. He also tries to add his own flair to his ropework. More often than not, Murphy is traveling across the country. He tries to experience different fetish environments and learn new skills. It is rumored that he defeated a thousand men and amazed a thousand women with a sword and a hundred feet of rope one moonlit evening. **ROPERIDER** Photographer: Many of my images come to me just before I fall asleep. The good ones, I feel them in the pit of my stomach. I take them to sleep with me, into my dreams. I take them in my car, take them to play in the dark spaces between my thoughts. When they have grown to being life-sized, breathing hot in my face, I bring them to through my studio and out into the world. I'm good with light, I'm good with a camera, and I'm good with people. But I really have no important qualifications except these: I have committed to listening to my inner erotic songs, and I've become practiced at giving in to the things that turn me on. <http://www.EvidenceOfDesire.com>

Truth Serum Productions presents:  
*Graphic Sexual Horror*  
at CineMental at the Brattle Theatre  
Wednesday March 17, 2010 9:30pm  
with rare appearance with Insex Model 912  
who will join us for Q+A

*Graphic Sexual Horror* peeks behind the terrifying facade of **Insex.com**, the most notorious of bondage websites, exploring the dark mind of its artistic creator and asking hard questions about personal responsibility. Original Insex footage, behind-the-scenes interactions, and interviews with PD, models, members, and staff reveal deep fascinations with bondage and sadomasochism that run parallel, and in fact become irreversibly entwined with the lure of money.
