NELA is 501(c)3 organization dedicated to making a safe place in the world for all leather/fetish/sm people through education, advocacy, and charitable giving.

An Accessible FFF*

It is our aim to make the Fetish Fair Fleamarket™ an event welcoming and accessible for attendees with disabilities and where people with disabilities are valued and respected.

- Ask and wait for an answer before you try to help someone. What you assume is helpful may not be.
- When you encounter someone using a service animal do not pet, offer food to, or interact with the animal in any way. Do not comment on the dog's presence i.e. "and who do we have here?" They are working hard; you are supporting the independence and autonomy they provide by not distracting them.
- If you have questions, concerns or need assistance regarding access, please stop by the Registration Desk on the first floor where wristbands are purchased to contact an Accessibility Assistant for:
 - An Assistive Listening Device
 - A large print copy of the program book
- In order to make classes more accessible there will be designated seating for persons with disabilities in each classroom (as well as space for scooters/wheelchairs). We ask all FFF attendees to be respectful of these seats and make them available for their stated purpose. The seats will be released if not needed before each class begins. Please be prepared to move chairs to make room for people using scooters/wheelchairs, wherever they may wish to sit.

NELA is committed to improving accessibility at the Fetish Fair Fleamarket™. This effort is a work in progress. Email chair@NELAonline.org with suggestions, questions or requests.

Letter from the Chair

Fellow Kinksters:

Happy New Year and welcome to our 36th Fetish Fair Fleamarket™. Thank you for making ours the largest fetish event in New England. If you're staying in the Westin, our host hotel, I offer a special thank you to you. Your decision to stay at the Westin directly impacts our ability to continue producing the Flea as well as our day to day operations. In brief, in order to hold a full-immersion conference where you can be yourself, dress how you'd like, and be playful with all your kink friends we contract with the hotel for all the rooms. When we fall short of booking 100% of those rooms, the penalty for loss of revenue to the hotel can be substantial and leaves little if any for operating costs; programming and education; charitable donations to causes and organizations; and puts holding future FFFs in jeopardy.

Recent conversations online and elsewhere continue to demonstrate a need for local alternative lifestyle space for education, office and storage, and play. NELA firmly supports changing the laws and the social and political climate to make the latter possible. We are a coalition partner with NCSF and continue to support its and all other efforts to change the laws and social and political climate regarding consensual SM. It may take a generation to accomplish a legal play space (this is New England after all) but a community space for education, offices, and meetings may be possible in the near future.

As we look towards that future, NELA has already begun the process leading to a community center -- a permanent home for NELA and other alternative organizations. We are at the earliest stage and realize that this is very much a long term goal that may take several years to accomplish and won't come to fruition without you. Later this year we'll begin our capital campaign and will be asking for your support. We have much to look forward to and it's very exciting.

We're growing and getting better with each successive event and doing our part to change the landscape concerning consensual SM. I hope you have an extraordinary weekend. We believe we've put together an amazing event for your education and enjoyment. Support our vendors, take a class or two, attend a social event, greet known friends and make new ones but above all have fun and we look forward to seeing you at NELA's next event.

Regards,

Rae Lewis
Board Chairperson

FFF Director Welcomes You

Hello Beloved Kinksters!!

Welcome to the 36th Fetish Fair Fleamarket™ - we're thrilled you could join us. The Board and volunteers have worked VERY hard to ensure you have a truly terrific time. This year you will have over 100 vendors and almost 60 classes at your fingertips!

We sincerely want you to have a fun-filled, SAFE weekend. Please respect the hotel as your home and play responsibly. Our event has never allowed nudity and we ask that in public areas, especially the lobby, you exercise good taste. Please be mindful of accessibility and aware that not everyone has the same abilities. Respect the rules of consensuality. If at any time you feel uncomfortable or unsafe, please seek out a NELA officer or, after hours, a member of the hotel staff.

This weekend is full of activities, including the return of Cameryn Moore to debut her latest production, slut (r)evolution, Friday night in the Blackstone Room (3rd floor). The incredibly popular Young Designer's Fashion Show and Dance Party is also back with new artists and new designs (1st floor). Check out Vendor's Row (3rd, 4th AND the NEWLY added 5th floor) as some may already be open on Friday. There are a few last minute programming changes so review the class list and signage on each floor for the most up-to-date information.

Hotel guests may purchase admission wristbands Friday between 5pm and 8pm in the lobby. Card-carrying NELA Associates can start shopping at 10:30am Saturday and Sunday, a half hour before the general public. Not a NELA Associate yet? On Saturday you will be able to sign up for a NELA Associate Benefits Card (ABC) which entitles you to free or reduced-price admission to NELA events throughout New England. NELA's educational programming continues year round with classes and seminars; our charitable giving aids dozens of kink and kink friendly organizations; and our advocacy will one day truly make the world a safer place for those of us to express our sexuality.

Thanks for coming and being a part of the longest running, largest (and most affordable!) leather/fetish/SM event in New England!

Cheers,

Vivienne Kramer
FFF Director

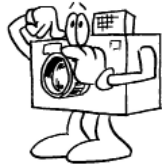

Rules of Conduct

The New England Leather Alliance would like you to be aware of the following Rules of Conduct for this event:

The Fetish Fair Fleamarket™ has never allowed nudity. We have also always stressed courtesy and appropriate dress in public areas. "Sidewalk friendly" attire is required, which is not the same as "street legal." "Legal" means a thong and pasties--we have always required a bit more, to insure the comfort of all attendees. In all public areas of the hotel, no bare butt cheeks even with a thong, and no bare breasts or breasts covered only in Liquid Latex. This includes having your breast/butt covered by something sheer or see-through and nothing else under it.

- You may briefly try out paddles and floggers on yourself if you have permission from the vendor. There will be no engaging in public scenes or any sexual activity in public. Restrooms are considered public areas.
- No smoking inside. When smoking outside, please be courteous to others.
- No Sexual Harassment. Sexual harassment is any unwanted attention of a sexual nature, such as remarks about appearance or personal life, physical contact of any kind or sexual demands.
- Regardless of what restroom you are in allow everyone to use the restroom of their choice. Each of us can decide in which restroom we belong.
- No food or drinks in the vending areas.
- Admission price is good for entry to all vending areas and classes on Friday, Saturday, and Sunday for the days purchased. The Masquerade and the Fashion Show have a separate admission
- You must keep your wristband on at all times. Broken wristbands are void and cannot be used for entry.
- Classes are first-come, first-serve to the limit of the room (the number of seats available). Please respect seats designated for persons with disabilities.
- No one under 18 admitted, including infants.
- No live animals or non-human pets, with the exception of service animals.
- Respect the privacy of others. What you see here, stays here.
- Compliance with NELA's Photography Policy.
- Violation of any of these rules may be reason for ejection from event areas without refund.

Photography at the Flea

The FFF respects your privacy. However, recall that you are at a public event and you are your own best protection. FFF Productions, NELA, our host hotels, and our partner sponsoring groups and producers will not be liable in the event that your picture is taken.

Please note that there will be some authorized photographers present at this event. You should be aware of them if you do not want to appear in any picture. All authorized photographers will have a badge that they will display at all times, and they are instructed to obtain your explicit permission before taking any photograph (even if your face is obscured). These are the only photographers allowed.

Attendees are not allowed to take photographs. Camera phones and video phones are everywhere but we're asking you not to use them or any other camera in event space (i.e. space for which you need a wristband). Reports of your unauthorized photography or recording of any kind will result in your being asked to leave without refund.

It is proper procedure for authorized photographers to ask first before taking a photo. Harassing attendees for photos is forbidden. If someone pressures you for a photo, or takes an unauthorized photo "on the sly" please report it to us immediately. If you think you have been photographed without your consent, you have the right to demand the film or ask the photographer to check their digital files and delete the ones you are in.

If a photographer asks you to pose for a photo and you agree, be sure to sign a photo release form.

Attendees entering into agreements to be photographed privately are strongly encouraged to check the references of the person they are dealing with, to have someone they know and trust with them during any private photo shoot, and to resolve all issues of compensation and the rights to the images before beginning a private photo shoot.

Transgender Etiquette*

There are many Transgender people (Transgender, Transexual, Gender Queer, Cross dresser, Gender Variant and more) that attend the Fetish Fair Fleamarket and/or Masquerade Ball.

People who are transgender and/or whose gender identity or expression does not conform to stereotypes of male or female often face discrimination and harassment, particularly when accessing public spaces, events, and restrooms. To be inclusive and improve the quality of life for Transgender people here, please read and act upon the following:

Restrooms

One way of acknowledging Transgender people's needs is to both designate restrooms that are gender-neutral and also to allow people to use the gender-designated restroom that they identify with. In public restrooms, many Transgender people face harassment that can lead to anything from deep discomfort to arrest or murder. Regardless of what restroom you are in, please let everyone use the restroom in peace. Each of us can decide for ourselves in which restroom we belong. Gender neutral restrooms are located on the 3rd Floor.

Pronouns

A person's external appearance may not match their internal gender identity. You cannot always know the gender or sex of someone by their physical body, voice, appearance or mannerisms. It is best to ask, "What pronoun do you prefer?" or "How do you identify?" before using pronouns or gendered words. In group situations where you don't have an opportunity to ask someone what words they prefer, try using gender-neutral phrases like "the person in the red shirt," instead of "that woman or man."

Privacy and respect for all participants

Please respect transgender people's privacy and boundaries and do not ask unnecessary questions. If someone discloses they are transgender please do not "out" that person to other people. The transgender person may feel comfortable coming out to you, but may not wish to be out to other people.

Board of Directors

"Everyone here? Good. Meeting topic: Setting world record for shortest meeting. All in favor say aye. Ayes have it. Meeting over."

Rae Lewis – Chairperson: 2011 marks Rae's 3rd year as the Board Chairperson for NELA. She served as Co-Chair from 2007 to 2008. Before joining the board in 2005 as Community Relations Director she was an avid NELA volunteer. One of the original organizers of the Kaleidoscope Munch, she continues to co-host what she hopes will continue to be a space for leather People of Color in the New England area to gather and hopes it continues to act as a gateway to the sm/leather lifestyle for many. Rae has been nominated several times for a Pantheon Award and is the proud recipient of the 2010 Vi Johnson award for outstanding community service.

George – Secretary (outgoing)/ Webmaster: George has been volunteering for NELA for several years, and has been the NELA webmaster

since October 2006. Prior to that, he assisted on the website. He has also been a volunteer at many FFFs. George is a rope top who enjoys learning new stuff; he and his partner have attended many regional and national rope conferences as well as national educational events such as LLC. A desire to further help the Kink community was George's motivation in becoming part of the NELA board. Though he is leaving the board as secretary, George will continue as webmaster.

Beth - Secretary (incoming): *Do what thou wilt shall be the whole of the Law.*

Beth Kimbell aka Safety Penguin is an advocate for sexual freedom, a switch, a masochist, and an esotericist, based in Salem, MA. She loves the alt-sex community; manages an Aerospace/Defense R&D lab; practices magick; plays D&D; plans events for char-

ity; organizes a biannual leadership seminar; caters the rare wedding; but spends most of her time reading, writing her next essay or ritual, or compulsively rearranging her home. She is a Thelemic Priestess, an Initiator, and a Senator in the O.T.O., and a programming volunteer for Transcending Boundaries 2011. Beth recently had the joy of presenting on at TBC '10, presented How to Host a Party at Ramrod's Leather Expo Day of Education, sat on the Rainbow Spirituality panel as part of Salem State College's GLBT Week, and on two panels at FFF #34. She likes things 'Just-So' and idolizes Benjamin Franklin.

Love is the law, love under will.

Vivienne Kramer - Treasurer

Vivienne Kramer has been a passionate activist for 20 years, starting with NOW and women's reproductive rights. She joined the kink community in 1995 and has held leadership positions in the New England Leather Alliance, National Coalition for Sexual Freedom and the Community-Academic Consortium for Research on Alternative Sexualities. Her work with people of color was honored by Black Beat and she received a regional Pantheon of Leather Award, a Vice President Award from NLA:I and is currently the Director of NELA's Fetish Fair Fleamarket™.

Jack and Kerry - Co-Directors of Associates: Jack and Kerry have been involved in the local leather community for over ten years. They were unwittingly sucked into lugging boxes for NELA at the Summer Flea several

years ago and became steadily more involved, helping with and volunteering for the Fleas, Pride, Volunteer Coordination and other duties. They wanted to increase their activism in the leather community AND kill off every scrap of what little free time they had left, and so in 2009 they joined the NELA board as Co-Directors of Associates, in which position they continue to lug boxes at the Flea, just with a fancier title.

Percival Du Chat Gris - Director of Programming & Education: Lord Percival (Percy to most) has been active in the scene both in private and in public for the last 35+ years, and been teaching, lecturing, mentoring, and training others for more than 20 of them. He's been involved and associated with many NELA events for a large number of years, from volunteering here and there, to giving classes. Seeing a need for someone to step in and take a hold of the role of arranging for such educational occasions to continue, and finding that he would enjoy doing such, Percy stepped forward to take up that responsibility. Educating others is a particular passion of his and he looks forward to arranging for many folks to come and share their knowledge and expertise with the NELA community. He is more than willing to shoulder what is necessary to get the job done and looks forward to working with the great group of people on the NELA board.

Scott - Director of Community Relations: His knot tying education started at the age of 4 by many ole salts

who had been boating for more than 40 years. When he came out at 21, he started applying the knots to bondage, and it has been fun ever since. He considers his leather journey a life long pursuit. Scott has been active with NELA over the past few years, and decided to join the NELA board in 2007, and served as Co-Chair from 2007 to 2008.

Scott held the title of Mr. Boston Leather in 2004. In 2003, Co-founded the Bay State Marauders, and served as the inaugural President from 2004 to 2005, and Vice President from 2006 to 2007. In 2007, won the Pantheon of Leather New England Regional Award. In 2009, was elected to the National Board of Leather Leadership Conference.

Danny - Board Member At Large: Danny joined the NELA board as vendor liaison back in 1999. In addition to continuing to act as vendor liaison for NELA's Fetish Fair Fleamarket™, he is currently NELA's Board Member at Large and he remains a member of the PDL Steering Committee. Danny entered the public scene in 1989. His passion for bondage inspired him to make his own bondage equipment. It was the popularity of his unique Grip-cuff™ design that inspired him to start his own business, "Leather By Danny". Leather by Danny now carries a wide range of bondage equipment and can be found in shops around the country. Danny enjoys traveling the country vending as well as teaching classes on bondage.

Throughout the weekend,
please remember to thank
our amazing NELA
volunteers

Carter Johnson Leather Library
Never again landfill. Never again flames.

*"The **Carter/Johnson Leather Library** is the collective history of the communities who have chosen to live and love differently. As the only library of its kind, it is our responsibility to let these communities know that their history is long and rich. The Library is designed to let people see it, read it, hold it, smell it and know it." – Vi Johnson, Librarian*

Kaleidoscope

The munch for People of Color and their allies asks for your support of the **Carter Johnson Leather Library**

*Hundreds of historic books, magazines, memorabilia
And much more...
All the way back to the 18th century!*

This is our history to protect, cherish, and share.

- On Saturday evening 6-9 in the Presidential Suite (25th Floor) please plan to join us for a meet and greet. We'll have refreshments on hand including pizza. We are asking for a small \$5 donation that goes toward the Carter Johnson Library but feel free to give what you can. Every little bit helps.
- Throughout the weekend, at the NELA-SIG table we will have a tag sale as well as a few select items up for silent auction (closes at 2 PM on Sunday). These items have been donated by members of our community. Please do bid as much as you can on these items, all proceeds benefit The Library.

We thank you in advance for your generosity.

Kaleidoscope: The munch for People of Color and their allies has been meeting the first Thursday of every month since August 2005.

The next Kaleidoscope munch takes place March 3, 2011 @ 6:30 PM
The Prudential Center Food Court (left of Panda Express)

We welcome everyone 18+ and invite respectful interaction and discussion.

From big stuff

to small

and everything
in between, we've
been

*saving the leather community
since 1991*

Ever since a small hotel room in Somerville we have been a part of the Fetish Fair Flea Market.

From an 8 page photocopied catalog to a web site of 1,000+ pages, 2,500+ images, and 24+ movies, we have grown because of you.

Not a lot of flash, a ton of fancy models, nor "artsy". Just high quality and rock bottom pricing. We invite you to discover, both here at the Flea, and on the web, that quality, service and savings are not mutually exclusive.

We look forward to being of service!

DID YOU KNOW?

- Many forms of sexual expression practiced by millions of American adults - including SM and swinging - are illegal in areas where antiquated sex laws remain on the books?
- Sexists and anti-gay bigots, encouraged by the religious right, continue to use these antiquated laws to marginalize and persecute minority groups?
- Prejudiced, puritanical regulations and law enforcement practices are used selectively to punish people who enjoy alternative sexual expression?
