An Accessible Flea

It is our goal to make the Fetish Fair Fleamarket® an event welcoming and accessible to attendees with disabilities and where people with disabilities are valued and respected. Here's some things you can do to help:

- Ask and wait for an answer before you try to help someone. What you assume is helpful may not be.
- When you encounter someone using a service animal do not pet, offer food to, or interact with the animal in any way. Do not comment on the dog's presence i.e. "and who do we have here?" They are working hard; you are supporting the independence and autonomy they provide by not distracting them.
- If you have questions, concerns or need assistance regarding access, please stop by the Registration Desk on the first floor where wristbands are purchased to contact an Accessibility Assistant.

- In order to make classes more accessible there will be designated seating for persons with disabilities in each classroom (as well as space for scooters/wheelchairs). We ask all FFF attendees to be respectful of these seats and make them available for their stated purpose. The seats will be released if not needed before each class begins. Please be prepared to move chairs to make room for people using scooters/wheelchairs, wherever they may wish to sit.

NELA is committed to improving accessibility at the Fetish Fair Fleamarket®. This effort is a work in progress. Email chair@NELAonline.org with suggestions, questions or requests.

Volunteers and Staff

Please understand that Flea Volunteers, Event Staff, and NELA Board Members are doing their best to provide a safe and fun environment for everyone. In the event a person with "Event Staff" or "Board of Directors" on their name badge asks something of you, remember, they're only asking to help keep the event safe, fun, and within the rules. Thank you for your cooperation.

About Photography

Please note that there will be authorized photographers present at this event. You should be aware of them if you do not want to appear in any picture. All authorized photographers will have a badge that they will display at all times. Please notify Flea personnel if you see any unauthorized people taking photographs. Use of cameras or video devices are prohibited. Unauthorized photography or videography will result in the device being confiscated and the user being removed from the event. If an authorized photographer asks you to pose for a photo and you agree, be sure to sign a photo release form. NELA will try to prevent all unauthorized photography and recordings, but remember that you are at a public event and you are your own best protection. NELA will not be liable in the event that your picture is taken.

Greetings Fellow Kinkfolk,

Welcome to the 42nd Fetish Fair Fleamarket®. It's the Meaning of Life! The Board and volunteers of NELA are delighted that you can share in our adventure, and have a wonderful time. Thank you for being part of this across all these years.

We sincerely want you to have a fun-filled and safe weekend. Please respect the hotel as if it were your home; playing and shopping responsibly goes a long way to achieving that. Our event has never allowed nudity and we ask that in public spaces, especially areas outside our check-points, you exercise good taste. All of us differ in our abilities and skills, please be mindful of those who might not be as agile, or facile. What we do is based on the cornerstone of consent. Please be sure that it is in everything that you do. If, at any time, you feel unsafe, uncomfortable, or unwell, please seek out a NELA officer, or a member of our Safety Staff, or, if neither is available, a member of the hotel staff.

For the first time in a long time, we are in a different venue, so many things might be different (and we hope, better) than what has gone before. If you miss something, and want to see it return, or have ideas on how to make things better, there are always the feedback forms, so we might be able to continue to serve you. We have gone out of our way to make this FFF as accessible as possible, please take full advantage of it.

Flea guests may purchase admission wristbands Friday night from 5pm-9pm, Saturday from 8am-8pm, and Sunday from 9am-3pm. NELA Associates have a chance to get a jump on the shopping for a half-hour before everyone has access to the vendors at 10:30am on Saturday and Sunday, so if you want that one-of-a-kind thing, or want to beat the crowds, you can start then! Classes and social activities run from a little after 6pm on Friday through 1am Saturday, 9am on Saturday through 1am Sunday, and 10am on Sunday through 3:15pm. Don't forget, folks, that we do the Daylight Savings Time Dance Sunday morning at 2am-3am.

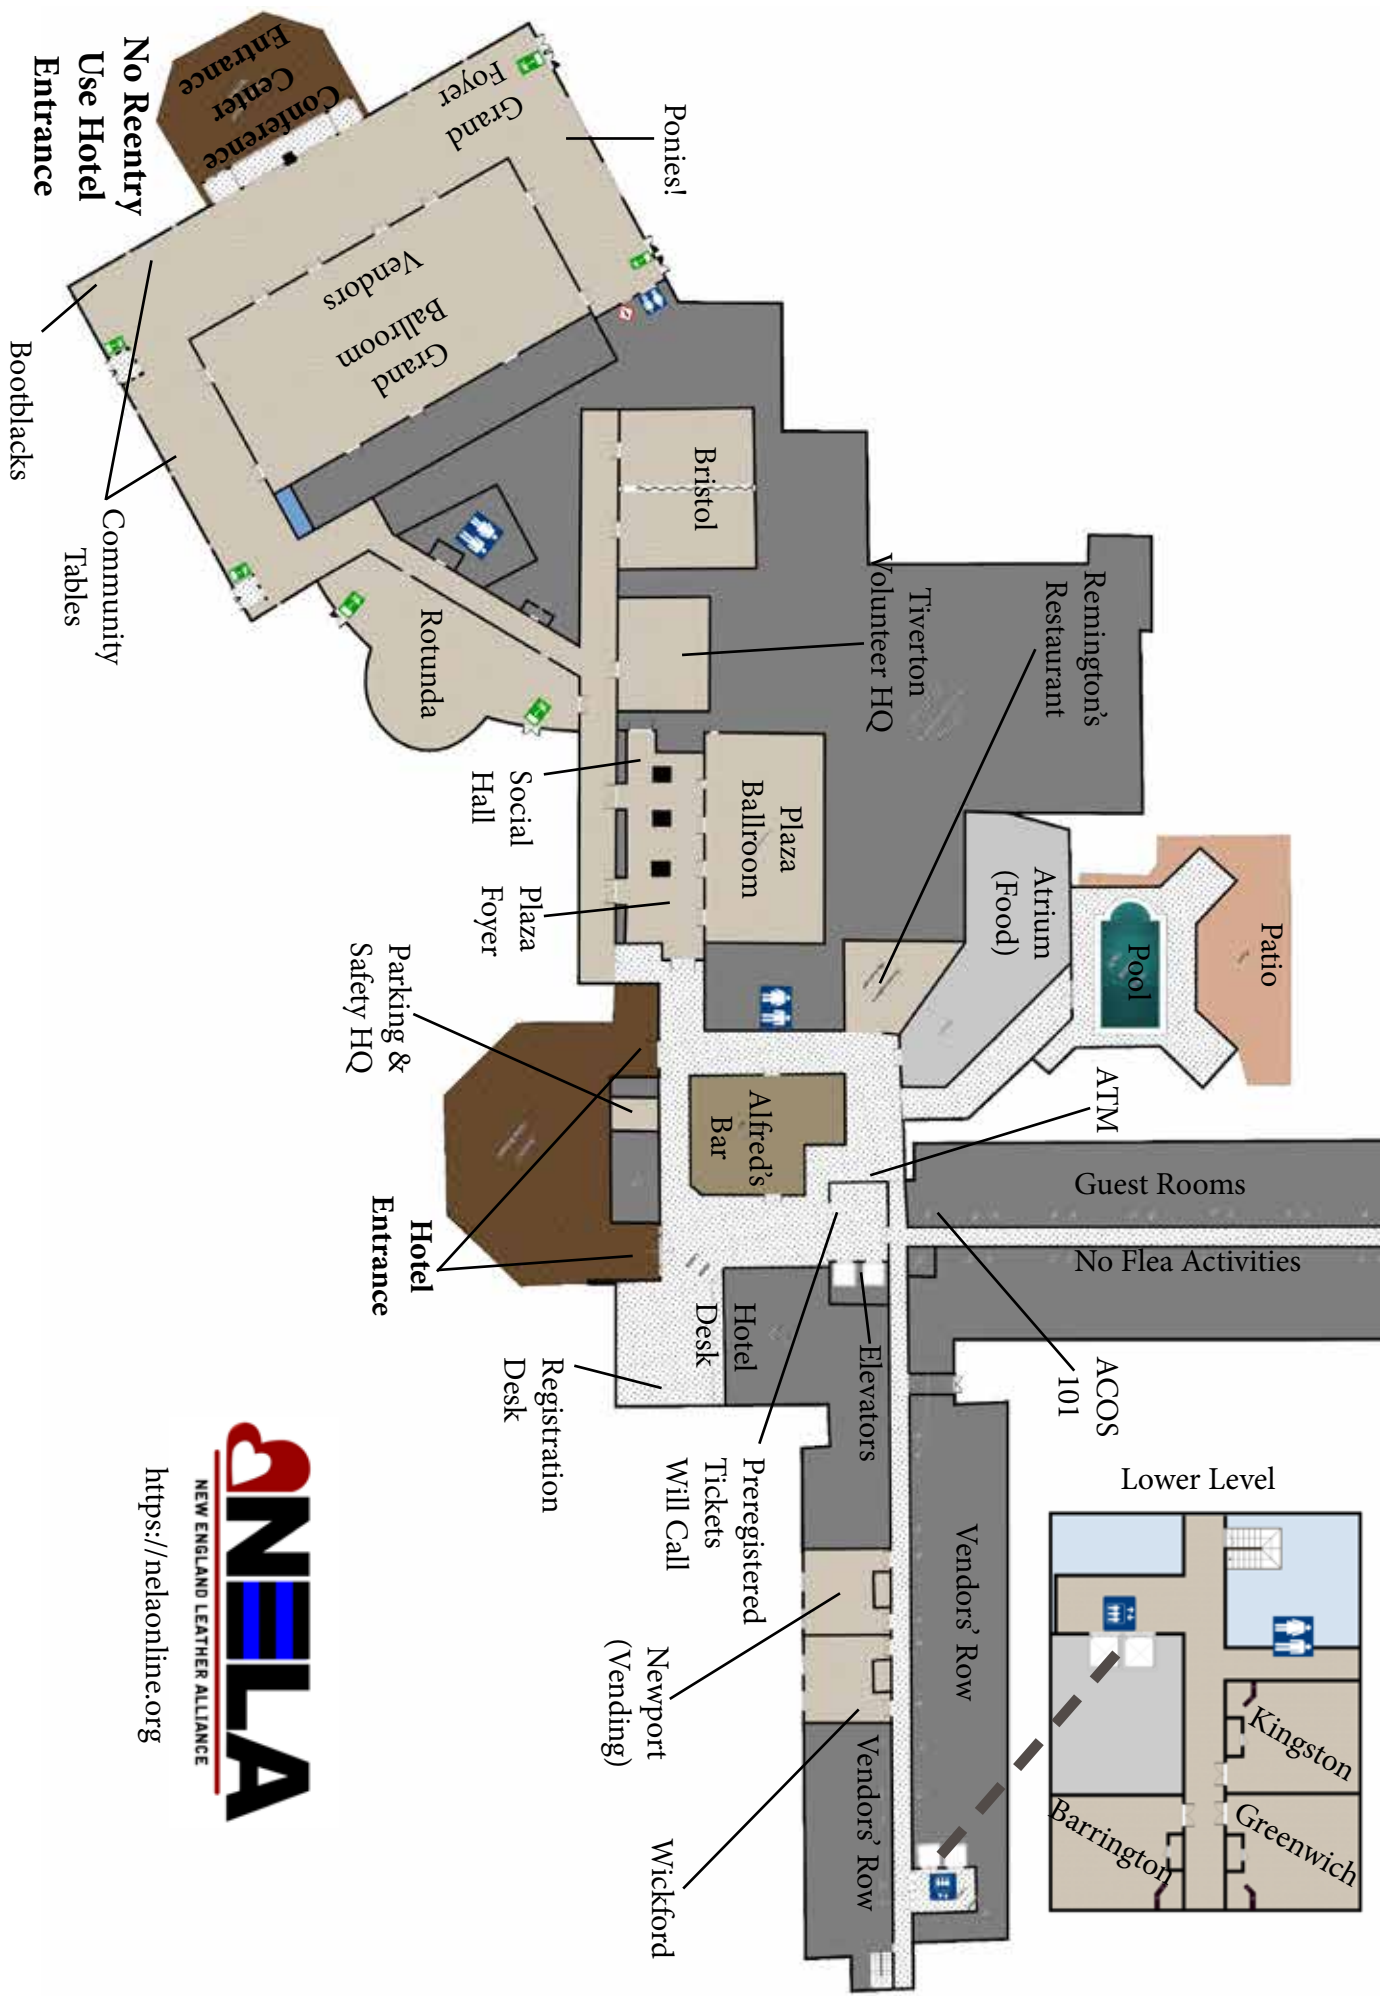

Not a NELA Associate yet? Has your time expired? You can come by our table all weekend and get or update your NELA Associate Benefit Card (ABC) which entitles you to free or reduced-rate prices admission to NELA events through New England, discounts on merchandise from a number of vendors, and discounts to get into many other non-NELA events. NELA's educational programming and SIG meetings continue year-round, so come out to see us, across the year. Our charitable giving and our support of special programs like the 'Ayem Willing' Volunteer Travel Fund and Educational Travel Fund aids not only dozens of kink and kink friendly organizations but helps educate those that might otherwise not be able to travel to bring back knowledge from afar. We hope NELA's advocacy will continue to help the world become a safer place for those of us in our vast and varied community to express our sexuality day by day, year by year.

Percy and Jack - Co-Con Chairs of FFF#42

If one had to pick a 'theme' for NELA leading into the new year, it would be one of transition. 2014 sees NELA relocating the Winter Flea to a different town and a new hotel (two of them, actually), with different classes and new vendors, and a new group of volunteers and attendees. Additionally, NELA has recently supported the formation of a new NELA SIG (special Interest Group), Trans* Spectrum Kinksters, which aims to provide education and community for trans*, gender non-conforming, and gender variant folks.

This has also been a time of transition for the Board of NELA. Following our recent election, we welcome long-time volunteers Dyanne & Rob and Phyllis as new Board members – Rob & Dyanne as the incoming Co-holders of the Secretary position, and Phyllis, as our incoming Member-At-Large. In a similar vein we say goodbye to Kyle as he finishes his term as Secretary for the Board. And we'd like to take this time to recognize and thank Danny, our longest-serving Board member, for his lengthy and illustrious service to NELA and the community as he steps down from the Board after 15 years with the organization. We ask that attendees to stop by Danny's booth, Leather By Danny, at some point during this weekend and offer their thanks as well (and maybe their cash, too – he's got some neat stuff for sale!). Despite the many changes this last year has seen, there is one constant: NELA's commitment to its mission of education, advocacy, and charitable giving. Your presence at the FFF helps support that mission. We're glad to have you with us.

90 Minutes of Rope That Will Turn You On, Tune Your Soul, and Change Your Brain

RopeRider - Saturday - 9:00am - Greenwich

In our desire to do rope right we sometimes find ourselves lured away from the hot, erotic spark that first attracted us to rope bondage. We're going to create fun, sexy experiences that will bring us back to the real reason most of us love rope bondage: connection. This is a hands-on class, please bring a partner, a few pieces of rope, and a floor cover.

Guide to Communications & Negotiations

P.E.T.E.!, GRLee - Friday - 10:15pm - Wickford

People new to kink and fetish play are often frustrated in attempting to communicate and negotiate their needs, wants, and fantasies with others. This presentation is an opportunity to address this and help manage important communication and negotiation processes. Based on simple questions, you will be guided through some considerations for sustaining fulfilling, meaningful, and safe connections.

Arm Bindings

Murphy Blue - Saturday - 9:00am - Bristol

This class covers some of the different ways we can restrain the limbs that start from your shoulder and go down. From thumb cuffs to strappado, we look at some options to keep those pesky things out of our faces while we work.

Asexuality and Kink

Asexual Tension - Sunday - 11:45am - 637

What is asexuality as an orientation? What are some of the misconceptions around it, and what is its history? Come and explore another way that people interact with other people, find out what asexuality is, if it fits who you are, and how to positively interact with other people who find this resonates with them.

TBA

TBA - Saturday - 8:00pm - Bristol

Balloon Bondage (A terribly serious class)

Roughinamorato - Sunday - 1:45pm - Rotunda

Who says bondage has to be all somber and romantic? Come see how to use balloons to have colorful fun binding playfully with your bottom. This is a hands-on class about using long twisting balloons for bondage. Safety is addressed (rubber keeps constricting!). And while it's hilarious, by the time you're done the bottom can be completely immobilized. Learn how to bind, tickle, and torture.

Bare As You Dare

David Wraith - Saturday - 4:30pm - Greenwich

Radical Body Acceptance: Are you or is someone you love a closet nudist or reluctant exhibitionist who's plagued with body image issues? Bare as You Dare is an open, body positive, clothing optional forum to discuss these issues and how they apply to radical body acceptance, sex positivity, and clothing optional socialization.

Beginning Single Tail

Suzanne SxySadist - Saturday - 1:00pm - Rotunda

If you are new to the signal whip and still trying to figure out which end to hold or how to get the damn thing to go where you want it to, or if you are an experienced handler and want to be in whip space, please bring your whips and come on by. If you do not own a whip and are curious what it is like to throw one, I will bring several for people to try.

Being a Happy Bootwhore: Bootblacking as Sensual Service

Sarah Sloane - Saturday - 10:45am - Kingston

Bootblacking is not only enjoyable from a service perspective - it can also be a very hot, sexually and sensually unique scene. What better way to flirt with a hot top in boots, or to find out just how talented that bottom is with their tongue and hands! We'll briefly discuss bootblacking basics, then enjoy a demonstration of dozens of ways you can make a bootblacking scene sexy!

Best Kink Advice Nobody Ever Told You

Midori - Saturday - 10:45am - Rotunda

Do you want more fulfilling play? Need more effective ways to uncover the other's real desires and minimize scene failure? Want to better communicate your hungers and get better play? Dissatisfied with scenes or frustrated at not having your desire accepted? Join Midori in this popular and unique class where she explodes the standard definitions of kink and expands the idea of what it's all about.

Beyond 50 Shades: The Realities of Power Exchange

Carl, Lisa - Saturday - 4:30pm - 637

In this interactive presentation, we'll explore the range of power exchange, from the negotiation of a scene between a Top and bottom, to 24/7 Total Power Exchange dynamics like Master/slave. At the end of this presentation, you will have an expanded understanding of your desires so you may enjoy deeper, more fulfilling connections; regardless of how you choose to exchange power with others.

Beyond Consent: BDSM and Abuse

Sarah Sloane - Sunday - 11:45am - Rotunda

The classic concepts of abuse and abusive relationships are more confusing when regarded in the context of alternative sexuality. We engage in and condone relationships that on the surface may appear abusive, however we understand that consensuality is the difference. We'll discuss, and provide some concepts to help you frame your thoughts, both as a kink practitioner and as a community member.

Beyond Stretching: A Tune-Up Guide for Advanced Rope Bottoms

DeLano - Saturday - 6:15pm - Greenwich

This class is aimed at advanced rope bondage bottoms; someone with at least two years of frequent play. How do we deal with such things as fear, injury, and, yes, getting older. As more experienced bondage bottoms, we need to stretch more than our limbs and ligaments to have better scenes and the goal of this class is to help us explore the means of doing so.

Bondage from the Bottom's Perspective

Max - Saturday - 2:45pm - Bristol

Don't be deceived by the title - this workshop is aimed squarely at tops who design bondage scenes.

Boots, Cigars, and Chocolate: A Focused Social*Roughinamorato - Saturday - 4:30pm - Poolside Patio*

Boots, Cigars, and Chocolate have become associated together, sometimes with performances of various types. Come and share your love for each or all, and meet with others who wish to do the same.

Bucking the Binary*Aiden Fyre - Saturday - 4:30pm - Bristol*

Have you been hearing words like Queer, Pansexual, Gender-queer, or Transgender and wished you could ask what they mean without offending someone? Want to explore the concepts of sex, gender, and orientation in a safe-space where the only wrong question is the one not asked?

Cigars - Smokin' Hot Play*Sarah Sloane - Saturday - 2:45pm - Poolside Patio*

Cigars are phallic symbols; they've been symbols of masculinity (even in the hands of women), symbols of dominance, symbols of excess. Cigars can be a ritual unto themselves - the purchasing, the prepping, the lighting, the smoking, the ash disposal, all are of key importance to a smoker. What better item to blend into not only BDSM play, but D/s and M/s rituals than that?

Cock and ball torment from A to Z*Suzanne SxySadist - Saturday - 9:45pm - Wickford*

Genital & Nipple torture is a world all its own and in this class we will take an alphabetical journey through some of my favorites. Although I will be gearing the class towards Cock & Ball torture many of these activities are also quite appropriate for female genital-torture as well. Volunteers of both genders may be sought; all limits will be respected.

Compassionate Communication*Bendyogagirl - Saturday - 1:00pm - Bristol*

Back in school we learned how to diagram sentences and do quadratic equations, but the vast majority of us never actually learned how to communicate in ways that build bridges and create harmony. This workshop will help correct that omission, and directly relate compassionate communication techniques and strategies to kink.

Control by Pressure Point*Dunter - Saturday - 9:00am - Barrington*

Physical domination pressure point displacement techniques originated from ancient Chinese martial arts training. This anatomical advantage skill continues to be taught today. Pressure points are executed by pressing specific body parts to gain a certain desired reaction of physical control that may or may not illicit pain depending on the person's resistance.

Crafting Sacred Trauma*Wintersong - Sunday - 1:45pm - Barrington*

Ordeal, Catharsis, Initiation. There is a growing shift towards doing structured rituals designed to effect the internal / spiritual tidal shifts that can accompany BDSM play. This class will help you learn to craft these rituals, for yourself or others. We will discuss when and why this kind of ritual is valuable, and how to determine the best techniques and processes to achieve a desired goal.

Crazy Glue Invisible Bondage and Infibulation*Dov - Sunday - 1:45pm - Wickford*

This class is about demystifying this fun pervertible for mind-fucks. We will discuss and demonstrate many wonderful perversions with this super-strength glue for bondage, on genitalia for infibulation, and for temporary chastity. We will also cover safety issues, some theory/chemistry of its function, and its intended medical usage.

Deeper, Faster: Rapid and Instant Induction Techniques*Hypnoguru - Saturday - 9:00am - Kingston*

Bryan takes you on a whirlwind tour of the major hypnotic induction styles, with an emphasis on rapid and instant" techniques. Attendees will get direct experience to hone their own hypnotic talents. Whether you're a budding hypnotist or just intensely curious learn how hypnotists put their subjects "fast asleep."

Discovering Your Inner Sadist*Murphy Blue - Friday - 8:00pm - Greenwich*

While the desire to thrill another with danger may dwell within a person, our upbringing may have put walls up stopping us from being able to embrace that side of ourselves. Through stories and associations with some unlikely archetypes, this class pushes you to find the face of your monster, and wear it with a smile.

Electrical Play BOF*Saturday - 9:00pm - Social Hall*

Come by and explore varying kinds of electrical play! You might be shocked at how much fun it is.
